SUBSIDY APPLICATION FOR NEW PRESCHOOL ENROLMENT

Note: If you are transferring from another preschool, please note that it will be considered a new enrolment. ECDA will reassess your household income to determine your eligible subsidies.

Overview

ECDA has introduced a new Preschool Subsidy Application process via LifeSG to enhance service delivery for parents.

ECDA has also enhanced the means-testing process, such that all preschool subsidy and financial assistance applications will be means-tested through the Household Means Eligibility System (HOMES), instead of through ECDA's means-testing system. HOMES is a national system that consolidates means-testing for various public assistance schemes to determine the appropriate level of support for families more efficiently and accurately

For more information about HOMES, please visit [Ministry of Health \(MOH\) e-Services](#) or [HOMES](#).

Apply for Singpass

All Singapore Citizens (SC), Permanent Residents (PR) and Foreign Identification Number (FIN) holders must use Singpass to access the application form. Only foreigners who do not qualify for Singpass are allowed to use their passport number to access the form.
